(Catchy Title)Why Vaping Should Be Illegal

1. **Thesis Statement: (Your position on your topic + Ethos, Logos, and Pathos)**

Example: **Vaping should be illegal** because it is **unethical to teach kids about harmful behaviors**, **it causes anxiety and depression to smokers**, and **it makes non-users feel unpopular**.

2. **(Topic #1 = Your position on your topic +Ethos):** Example: **Vaping should be illegal**

because it is **unethical to teach kids about harmful behaviors**.

- (Put your examples from your brainstorming graphic organizers for **Logos** here)
- We should teach children safe, healthy habits
- We owe it to our future generations to take care of each other and ourselves
- Companies should sell products that help us, not products that are harmful and only make big profits

3. **(Topic #3 = Your position on your topic +Logos):** Example: **Moreover, vaping should**

**be illegal** because **it makes non-users feel unpopular**.

- Put your examples from your brainstorming graphic organizers for **Logos** here)
- 95% of tested users tested positive for anxiety and depression

- More companies have tripled sales in the last 4 years from selling vape products even though it is harmful to smokers

4. **(Topic #2 = Your position on your topic +Pathos):** Example: Additionally, **vaping should be illegal** because it is **it causes anxiety and depression to smokers.**

- (Put your examples from your brainstorming graphic organizers for **Pathos** here)
- Non-smokers feel unpopular when they don't use the product
- Vaping could cause severe illness and even death amongst users, causing sadness amongst family and friends
- Peer pressure to vape might cause undue stress for adolescents

**5. Conclusion (Restated thesis statement and final thought)**

**Reiterated thesis statement:** In conclusion, **vaping should be illegal** because it is **unethical to teach kids about harmful behaviors, it causes anxiety and depression to smokers, and it makes non-users feel unpopular.**

**Final thought:** By prohibiting vaping, our society would drastically improve its overall health and create a more welcoming, vibrant, and peaceful world.
